REMARKS

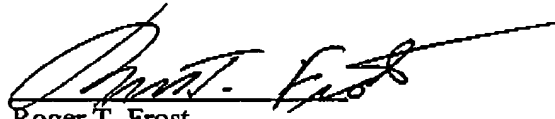

The revised listing of the claims confirms that Claims 1-51 are cancelled from this application and thus is responsive to the Notice of Non-Compliant Response. Following entry of the present amendment, Claims 52-58 and 92-98 remain under consideration. The undersigned regrets the inadvertent omission regarding those cancelled claims, in the paper filed on May 15, 2006.

The disclosed embodiment in the specification discusses exception processing and reporting occurring at the central location (page 8, lines 1-5). The Applicants have revised the independent claims for consistency therewith and note that their fourth paragraph on Page 7 of the paper filed May 15, 2006 (Fifth Response) is likewise revised. Except as thus stated, the Applicants hereby incorporate by reference the Remarks commencing on Page 7 of that paper and await further examination of the application.

The foregoing is submitted as a complete response to the Office actions identified above. The Applicants submit that all claims remaining in this application are allowable over the art of record and solicit a notice to that effect.

Respectfully submitted,

MERCHANT & GOULD
